nity which stands for ed-
ucation and citizenship.

FORTY-SECOND YEAR Educational Center of Northwest Texas CANYON, TEXAS, THURSDAY, JULY 8, 1937 Gateway to Palo Duro Canyon State Park NUMBER 17

\$65,000 Postoffice Building is Completed in Canyon

Combines Run- ning in All Parts Randall County

First Yields Not Hardly
As Much As Expected;
Late Wheat Yield Will
Be Light

EARLY WHEAT GOOD

Price Paid Yesterday Is
\$1.08 Per Bushel; Rust
Has Done Some Dam-
age Near Umbarger

Wheat harvest got into full swing in Randall county this week. Not enough wheat has come to market so far to determine the amount that will be produced in the Canyon territory. Some farmers who started their combines last week were forced to stop owing to the green wheat and the large amount of weeds in the wheat. Many have not yet started cutting. Four car loads were shipped out of Canyon Tuesday and yesterday. Eight car loads were shipped out of Umbarger. Price paid yesterday in both Canyon and Umbarger was \$1.08 per bushel. Local wheat dealers state that reports are out that the nation will produce more than 900 million bushels of wheat, and advise farmers to sell their wheat now while the price is so high. Rust has cut the yield badly in the Umbarger community and other places in the county. Some of the early wheat made as high as 20 bushels to the acre, but the late wheat is producing much less. The late wheat generally over the county is said to be quite disappointing, with yields running as low as 5 to 8 bushels per acre. Test on the wheat is running from 54 to 60.

Glen Brandt Badly Burned Tuesday In Gasoline Explosion

Glen Brandt was badly burned on the body and head Tuesday afternoon as the result of gasoline exploding. He was pouring gasoline from a barrel into a can when the gas exploded from some unknown cause. The young man was given emergency treatment in Canyon and then taken to an Amarillo hospital in an ambulance. His condition is considered serious.

Court Reform Bill Is Being Fought In the U. S. Senate

Democratic Leader Robinson opening the fight for the administration's judicial reorganization bill, told the Senate yesterday that judges more than 75 years of age "are usually in a state of mental and physical decline." As he spoke Senator Wheeler (D-Mont.), leader of the opposition to judiciary reorganization, emerged from a long White House conference and said he was still opposed to any compromise which would add any justices to the Supreme Court. Wheeler and Senator Bone (D-Wash.), talked with the President an hour and a half. Robinson began the Senate debate after that chamber had agreed without a record vote to take the judiciary legislation up for consideration. The Democratic leader next moved to substitute for the original bill submitted by President Roosevelt, the compromise informally introduced last week. The substitute would provide for the appointment of new justices at the rate of one a year to supplement those serving past 75 years of age. Mrs. Burleson Atkins underwent a major operation in Amarillo Wednesday. Mrs. R. W. Ratcliff has been with her several days since the operation. Master Carl Eugene Hair and Lenton Mahle visited Eugene's grandparents, Mr. and Mrs. S. M. Mahle in Slaton over the week-end.

New Doctor Here

DR. ROBERT JARRETT, JR.
Dr. Robert Jarrett, Jr., arrived in Canyon last week from Kansas City to be associated with Dr. R. A. Neblett. He is the son of Dean and Mrs. R. P. Jarrett; completed the Medical College of the University of Texas at Galveston; and for the past year has served as interne in Kansas City.

Board of Control Pays Short Visit Here on Thursday

New Projects on W. T. Campus Are Inspected by Visitors; Furniture at Museum Accepted

Members of the State Board of Control made a surprise visit to the campus of W. T. Thursday afternoon, and spent thirty minutes looking at the various buildings. Chairman Claude Teer was accompanied by John F. Wallace and Henry C. Myers, the other two members of the board. Dr. J. A. Hill was accompanied by several members of the faculty and local citizens in conducting the members over the campus. This was the first visit that Mr. Teer and Mr. Wallace had made to the campus in several years. Mr. Myers was here two years ago while the budget was being made. The work on the various improvement projects was inspected with interest by members of the board. Dr. Hill pointed out the great necessity of a library building, although the board will not consider the budget until next year. The new cases for the museum building were inspected. The cases are practically completed and will be accepted by the board as soon as the work is approved by Dr. Hill. The members of the board were astonished at the vast amount of materials which was on hand for the new cases, and which had not been put on display because of the lack of display room. The board members were on a tour of inspection of towns which had made application for the location of the new insane hospital in West Texas. State Per Capita Set at Highest In History of Texas The state school apportionment was set Tuesday at \$22 per student. The rate last year was \$19. This increase of \$3 for the coming year makes the per capita distribution the largest in the history of the state. The great increase in the amount of gasoline tax, one-fourth of which goes to the school fund, is given as the reason for this great increase in school funds. Mrs. Alfred Bellah is improving from her serious illness. While she will be confined to her bed for some time, she is believed to be out of danger. John Knight returned Saturday from a month's visit in East Texas and with his daughter, Mrs. W. B. Hicks, at San Angelo. Mr. and Mrs. A. K. Goodman and children spent the Fourth at Carlsbad at the Ray Davis home.

Retired Preacher Died Thursday at Family Home Here

Funeral For R. A. Warren Is Held Friday Afternoon; High In Masonic Lodge

Funeral services were held Friday afternoon at 3:30 for Rev. Robert Arthur Warren, 74, at the First Christian Church with Dr. Roy Snodgrass, pastor of the Amarillo Christian Church officiating, assisted by Rev. J. O. Quattlebaum, pastor of the Canyon Methodist Church. Rev. Warren, a retired Christian minister, died Thursday at his home here. Pallbearers were Lige Frieze, Lee Foster, Don Trolinger, Carl Scott, W. H. McKee and Frank Hicks. Mr. Warren was born Jan. 27, 1863, near Oxford, Miss. He grew to manhood in Mississippi and came to Texas in 1878, settling near Belton. After two years in Texas he moved to Arkansas where he met Miss Mary Emma Whisenhunt who became his wife July 24, 1890. Soon after their marriage the couple moved to Gatesville, Tex., and lived there 33 years, coming to Canyon in 1923. To this union were born five children, two of whom died in infancy. Survivors include three children, W. A. Warren and Wayne Warren of Canyon, and L. A. Warren of Cisco; two sisters, Mrs. M. E. Mitchell of DeQuene, Ark., and Mrs. Mollie Webb of Sinton, and a brother, D. A. Warren of Levita. His wife, Mary Emma Warren, preceded him in death on Jan. 18, 1936. Mr. Warren became a member of the Christian church in 1888 and entered the ministry in 1890, continuing in active church work until 1923 when he retired and moved to Canyon. He was prominent in the Masonic Order, having been a member of that organization for forty years. He was one of the few members holding a lifetime certificate for conducting schools of instruction, a certificate which he had held for a number of years. Burial was in Dreamland Cemetery, Canyon. Mr. and Mrs. W. W. Campbell of Guthrie spent the Fourth here at the home of his mother, Mrs. W. B. Campbell.

New Postoffice Building Soon To Be Occupied

Federal inspectors accepted the new \$65,000 postoffice building in Canyon yesterday. Only a small amount of equipment is lacking, and when received, the new building will be occupied. The building was dedicated Saturday and inspected by hundreds of people.

Law Forbids Mov- ing Combines on Hiways at Night

Combines are prohibited from moving on the highways at night, regardless of the precaution that is taken by the owners to prevent accidents. Highway patrolmen have issued warning over the Panhandle that the practice must stop owing to the dangers involved. A state law prohibits night moving, and this will be enforced, state the highway officers.

Rain Thursday Adds Possibilities For a Good Row Crop

A rain of .84 of an inch fell in Canyon Thursday night, and a shower of .05 of an inch came Friday night. This brings the total moisture for the year to 10.29 inches, which is more rain than had fallen at the end of August last year. The rain did no damage to the wheat, and will be of great benefit to the row crop. The moisture was not heavy in the east part of the county as in Canyon. However, about three-quarters of an inch of rain was received west of Canyon. Mr. and Mrs. E. Burroughs and Lillabeth and E. Jr., returned Friday from a week's trip to Dallas where they visited the Exposition and to Fort Worth, Italy and Greenville for a visit with relatives.

Wayne McCormick Gets Appointment as Liquor Inspector

City Chief of Police Is Selected For Important State Job, Starting His Work Today

Wayne (Shorty) McCormick has been appointed inspector for the State Liquor Control Board and started to work today. He received his appointment Tuesday. Shorty is assigned to the Pampa district for the present, but will continue to live in Canyon until a definite assignment is made. Mr. McCormick has been city Chief of Police for more than a year. He has served as peace officer in Randall county for several years, being constable, highway patrolman and deputy sheriff at various times. His good record as an officer secured the appointment to this new work. Mr. and Mrs. Ed Mickle, Miss Mary Jean Mickle and Dinsmore Mickle, accompanied by Mr. and Mrs. Loyd Childers spent Saturday and Sunday in the Cimarron canyon. Miss Venita Young left last week for Happy where she will make her home. George Smalley of Floydada visited in Canyon Tuesday.

Fireworks Brought Here, But Not Sold by Local Merchants

"Why are fireworks not sold in Canyon, when they are sold openly in Amarillo and other towns?" was a question asked scores of times by young people in Canyon who went to Amarillo to buy their supply of Fourth of July fireworks. More fireworks of various kinds were used in Canyon this Fourth of July than ever before in the history of the town. The News attempted to find out why. There is no ordinance against the sale of fireworks in Canyon, according to city officials. The State Fire Marshal has no authority to stop the sale, is the information given. Should a dealer wish to sell fireworks, he must apply to his insurance agent for special permit, which increases his policy 5% for the period the fireworks are on sale. The city prohibits the use of fireworks in the business section owing to the danger in their common use. The use of fireworks is generally looked upon as a useless and extravagant waste of money, and is very dangerous to those who handle them. These are the reasons given as to the strict enforcement of Canyon officials in the past, and the requests which have been made that dealers not sell the fireworks.

New Officers Out- line Work for the Rotary Club Year

W. A. Warren, new president of the Rotary Club, presided Tuesday at the first meeting of the new year. Mr. Warren distributed programs and outlined the objectives of the year's work. J. D. Barker was introduced as the new program chairman and told of the plans of the year regarding the programs. The Canyon Rotary Club is putting on the program of the Amarillo Rotary Club today, and a number of local Rotarians are visiting the Amarillo club. Visitors present were: H. A. Nachter, Clayton, N. M.; Guy Sanders, M. C. Burton, C. N. McMurry, all of Amarillo; Dr. Robert Jarrett and Louis Upchurch of Canyon.

Gus Miller Becomes Football Coach T. W. C. at Fort Worth

W. A. (Gus) Miller, former Buffalo star, was elected coach of the Texas Wesleyan College Rams of Fort Worth last Thursday. After leaving the Buffaloes, Miller was a successful coach at Slaton. For the past ten years he has coached at Trinidad, Colo., where his team has won 95 games and lost 24 games during that period of time. The Rams will play the Buffaloes again this fall on the night of October 1st. Miss Elizabeth Walsh of Dallas was a house guest of Mr. and Mrs. Cecil Jones Saturday and Sunday. Miss Walsh and Mrs. Jones are sisters. After being confined to his bed last week, Rev. J. R. Hicks has gone to Dallas for an operation.

Dedication New Postoffice Was Held Saturday

Large Number of Citizens
Inspected Building For
First Time on Saturday
Afternoon

HILL IS SPEAKER

Number of Visiting Post- masters Join in Cele- bration; Move in Few Days to Office

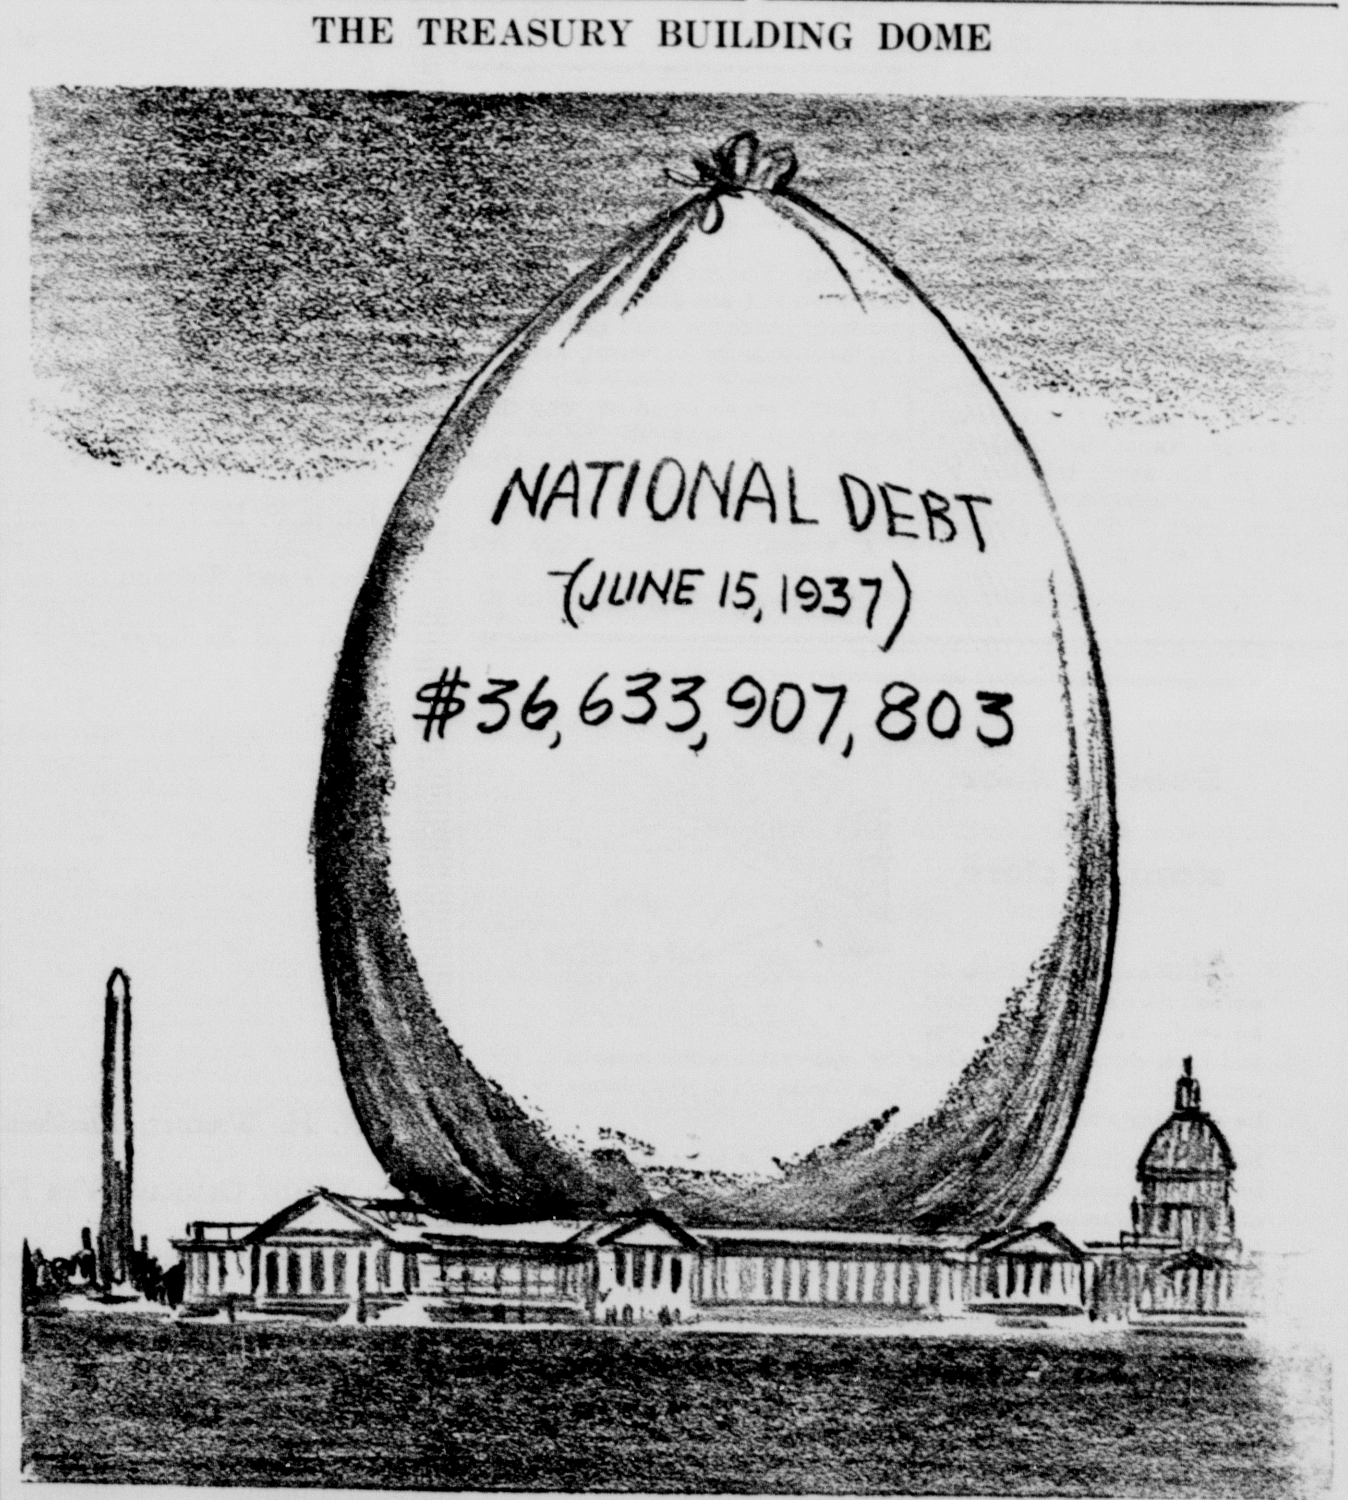

Canyon's new \$65,000 postoffice building was dedicated Saturday afternoon in an impressive program which was attended by many local citizens. Dr. J. A. Hill made the principal address in which he called the attention of the audience to the safety and protection of this government as compared with other nations. The services which this government renders to its people is unequalled any place on the face of the globe. Clyde W. Warwick was in charge of the program, and announced the various numbers. The Canyon high school band played several numbers at 2:00 o'clock while the crowd was gathering. The Boy Scouts raised the flag while the band played Star Spangled Banner. Members of the local postal staff were introduced as follows: Guy Harp, Postmaster; D. M. Foster, assistant postmaster; Ralph Harter, W. E. Miller and Marion Higdon, clerks; Mrs. Roscoe Davis and J. B. Fowler, rural carriers; W. E. Lovell, mail messenger; O. B. Vaughn and Ruil Mills, new employees at the building. Mayor C. R. Burrow welcomed the visitors and related the great changes which had taken place since he came to Canyon 38 years ago. The following visiting postmasters were introduced: Tom Bice, Dimmitt; Grady Ponder, Happy; Lee A. Wilson, McLean; Clay Fowler, Silverton; W. D. DeGrass, Amarillo; Henry Tyler, superintendent of mails, Amarillo. On behalf of the visiting postmasters, Mr. DeGrass made a short talk. S. E. Roberts, the first assistant postmaster of Canyon and Oscar Hunt, the man who has been local postmaster for 20 years, were introduced. Jack Kuly, foreman of the contractors, Lundberg & Richter, was introduced. A letter from Congressman Jones and a telegram from Senator Tom Connally were read in which both expressed regret in not being present upon this occasion, and great pleasure in having been of service in securing the postoffice building. (Continued on last page)

Four W. T. Exes are on Program for Col- lege Station in Aug.

Four representatives of the West Texas State Teachers College will appear on the program of the fourth annual conference of county superintendents and county supervisors of Texas which takes place at College Station July 12-15. They are: Supt. J. B. Golden of Wichita Falls, Supt. B. T. Rucker of Wheeler, Supt. Beatrix Cobb of Paducah, and Supt. Vera Tops Gilreath of Memphis. Two of these are graduates of the Canyon College and two are students at the present time.

Social Security To Issue Numbers From New Amarillo Office

During the past six months, Social Security account numbers have been secured by making application at the local postoffice. In the future, application must be made thru the new office which was opened last week in Amarillo. The first report of employers must be made during the month of July. This report will show the amount of wages that has been paid to each since the new law became effective.

VISITING THE MUSEUM

Dave Warren in Panhandle Herald: The editor of the Panhandle Herald made his first visit to the Panhandle-Plains Historical Society museum at Canyon in about three years last Saturday. It seems that the museum is gradually getting in better shape and as the years go by the people of the Panhandle of Texas and the entire Southwest will be more proud of that institution.

It seems that the press, including the Panhandle Herald, has not cooperated with the museum as they should in furnishing newspapers. In the basement there are hundreds of files of unbound newspapers. It seems that every Panhandle newspaper should be willing to turn over a current file to the museum, and this file should be bound so that it can be reasonably accessible for research purposes.

The reason for the visit to the museum was to make a check of old newspapers, particularly in relation to the history of the Panhandle Herald. The first issue of the Panhandle Herald is framed in the museum, thanks to the courtesy of E. E. Carhart and Frank Paul.

Even if newspapers do not have sufficient copies to make up a complete file for a year, it seems that they should be willing to turn over all unbound papers possible for research workers.

The history of the Panhandle would be easy to write if complete files had been kept of the Panhandle Herald, Amarillo Champion, Childress Index, Plainview Herald, Clarendon and many other pioneer newspapers.

BUYING UP GOLD

A former Congressman, who is a great student of national affairs, believes that those in this nation who are criticizing the Roosevelt administration for buying up such a horde of gold, are simply ignorant in their talk. His argument follows:

"I hear and read severe criticisms made against the President for buying all the gold that's offered this country and piling it deep in the ground and in the immense vaults down in Kentucky. They say, for instance, 'Why dig it out of the ground in one country, ship it over here, then we buy it at a high price and bury it in the ground again? If this were the whole story, it would seem ridiculous, wouldn't it?'"

"Since about the first of the year we have bought and piled up in

this way a billion dollars' worth of this gold from other countries and buried it in Kentucky ground. This is the reason our debt has run up from 35 to 36 billions. Some debt!"

"But to me this is one of the best things this administration has done. But little credit seems to have been given for it. But stop and think about this for one minute: Suppose Mussolini or Hitler or Japan, yes or even haughty England, had this 12 or 13 billions of gold piled up in their vaults. How long would European war be confined to poor, distressed Spain? With us, it's a great defense, for we can buy almost any material thing with gold. Aren't you glad we have it, instead of one of these angry and aggressive nations?"

Congressman Marvin Jones won a distinctive victory for the farmers of the United States in the passage of his farm bill through congress last week. As chairman of the powerful Committee on Agriculture, no one in Congress wields such a powerful influence as does Congressman Jones. All of which leads to the thought: Two or three aspirants in the district are looking for support to run against Marvin Jones next year. While none of them have made definite decisions, so far as the public is concerned, The News is very much of the opinion that they had as well save their breath and keep their campaign money in their pockets. It would certainly reflect very unfavorably upon the intelligence of the people of this district if by any chance Marvin Jones should be defeated at the zenith of his power and influence in congress, and that he should be retired at a time when this district needs his strength. No one in the district can defeat Marvin Jones, but he should be spared the distasteful necessity of having to make a strenuous campaign when he has so much work to perform in Washington.

Third term talk for Governor Allred refuses to be hushed. While the Governor has failed to state his position, his silence indicates his readiness to jump into the race if it is indicated by his friends that there would be a chance for him to win. In the meanwhile, Ex-Governor Jim Ferguson has likewise sent up trial balloons to see how many voters would like to see Ex-Governor Miriam Ferguson get into the race, likewise for a third term. The third termers, if pitted against each other would represent the extreme opposites. However, with Attorney General Wm. McCraw and Railroad Commissioner Ernest O. Thompson both campaigning most ardently for a year before the race opens, indications are that there will be a free-for-all during next year's race.

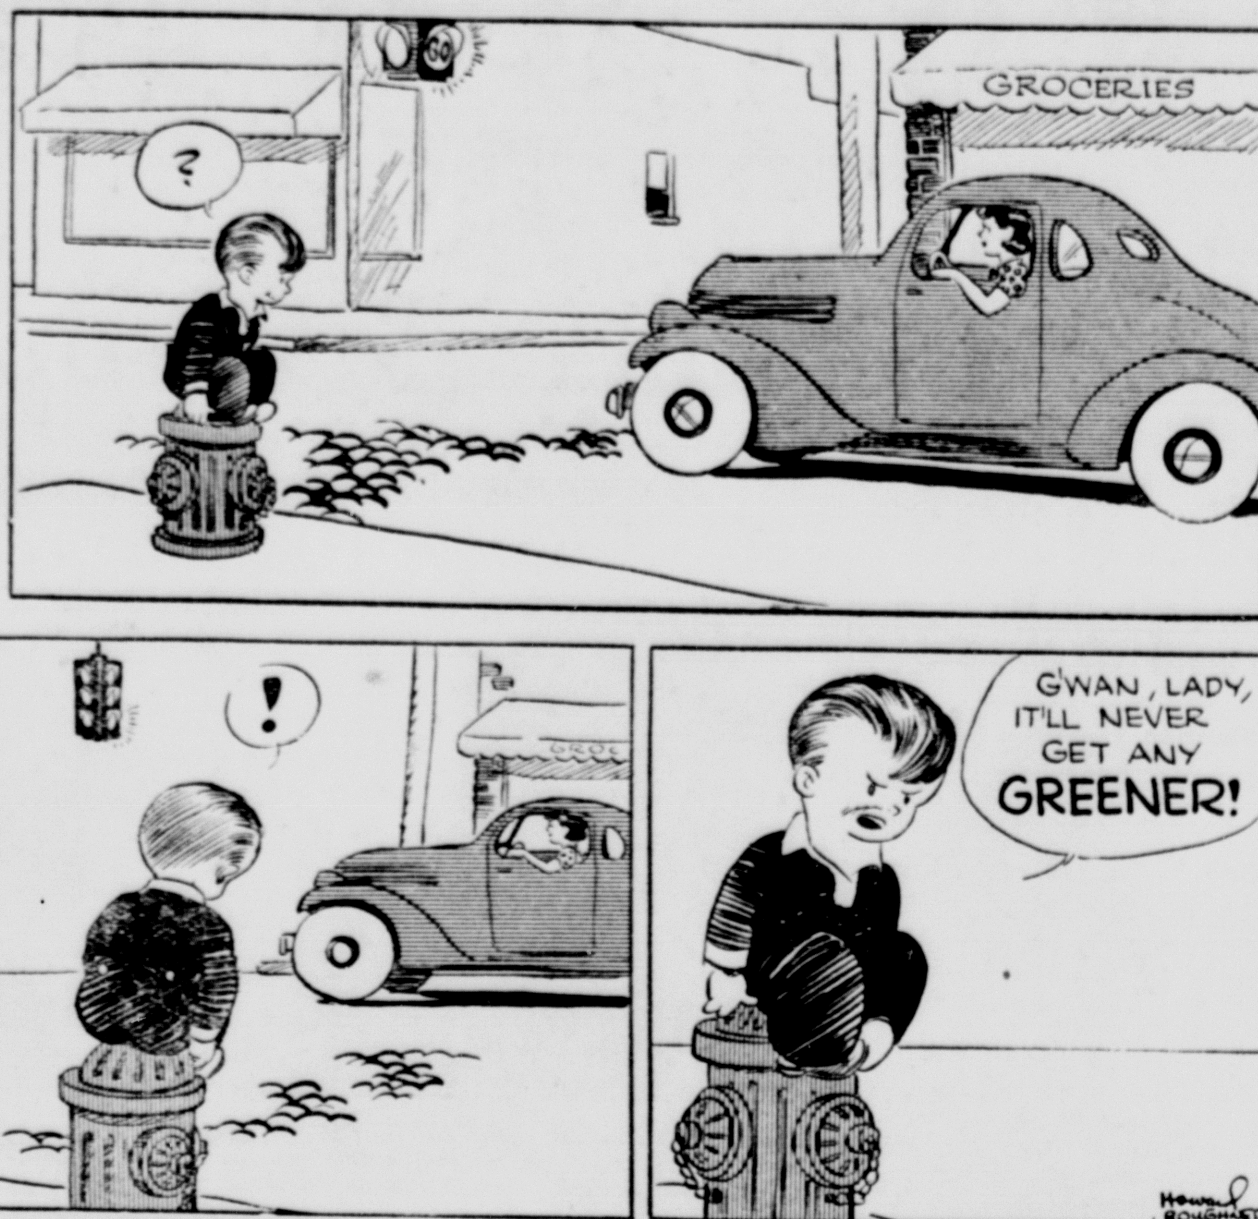

People say and do very foolish things upon occasions. A few weeks ago when The March of Time was first presented in Amarillo, the feature was severely criticised, and protest filed with the company. When the picture was shown in Dalhart, four out of five who attended stated that the feature was fair, and that no violence was done to the Panhandle. Since the picture centered around Dalhart, and since a majority of the citizens up there are satisfied with the picture, why should the rest of the Panhandle raise such a howl?

Over in Russia when a politician disagrees with Stalin, he is taken out and shot. In Washington when Senators and Representatives become unruly, the President invites them in to talk things over. The magnetic Roosevelt smile accomplishes more than bullets. In the meanwhile the third term talk goes on unabated. Perhaps back of this talk is the silent bolstering up of some administration friend for the Democratic nomination.

MAC

The Limit of Caution

By Bouchner

REMOVAL OF EYESORES

Paducah Post: A movement is on foot in some of the leading cities of the United States for removal of billboards and other unsightly eyesores which obstruct the scenic beauty in cities and on highways. The Women's Civic Clubs in the State of Virginia recently joined forces in a campaign, with the elimination of billboards their goal. Their success in the matter has put the civic organizations of other states to thinking and it is likely that we will hear of similar moves in other localities in the near future.

Civic leaders of Dallas and Ft. Worth have long sought beautification of the section between the two cities and the movement was started a short time ago by the removal of billboards along the pike and inside the city limits of Ft. Worth. This action was prompted by a petition signed by 131 persons asking for removal of signs along the Ft. Worth-Dallas Highway and inside the city limits.

Like persons, cities and towns are judged by their appearance. It would be well if citizens of Paducah would take note of unsightly structures and billboards in our town, remove the ones now standing and ask that ordinances be passed forbidding the erection of more. There are many numerous and more effective ways for business firms to advertise. These structures are not only unattractive and ugly, but they are out of harmony with the surroundings and desecrated and obstruct the natural beauty about the town.

Everything in Russia is not so pleasant. Disagreement among the various leaders is rampant. When Stalin and his followers fall out, Stalin takes his former friends out behind the barn and shoots them. It is indicated that Russia is in the worst state of turmoil that has existed in several years. European nations that formerly trembled at the mention of Russia, now smile. Japan and Germany are said to be getting ready to take great slices of the great natural resources of Russia, and nothing will be said about it.

A bill is pending in congress to force the labor unions to live up to their agreements the same as the manufacturers are forced to do. Since C. I. O. signed up with General Motors it has pulled 300 strikes. John Lewis cannot be trusted to live up to his word, but the law makes the manufacturer abide by the agreement. The agreement should work both ways.

Help Keep Canyon Clean!

President's Son Weds du Pont

Happy, charming couple were Mr. and Mrs. Franklin D. Roosevelt, Jr., above, photographed at the bride's home on the eve of their wedding, joining two notable American families. The bride, the former Ethel du Pont, is the daughter of Mr. and Mrs. Eugene du Pont. The wedding, attended by members of both families and scores of guests, was held at the Wilmington, Del., home of the du Ponts.

Tramp: I thanks you kindly fer yer generosity.

Housewife: But I haven't given you anything, and what's more, I don't intend to until you split that wood.

Tramp: Yes, ma'am, I knows that. But even if I am unable to do hard work, I'm sure yer ain't goin' ter let my gratitude go to waste, are yer?

Dots: I neveh could see why they always call a boat "she."

Joe: Then I guess you never tried to steer one, did you?

A woman may just adore her new spring hat until she sees some other woman with one just like it.

Door to door and store to store

Milk and its products do not sell themselves. They must be sold—from door to door and from store to store. Only by aggressive salesmanship can millions of pounds of milk from thousands of dairy farms be sold day after day, year after year.

In the complicated business of bridging the long distance from cow to consumer, Borden is expert. Vital to the income of the dairy farmer, are the tens of thousands of calls made by Borden men in this and foreign lands, every day selling milk and milk products—door to door and store to store.

"Show me a field I can't plow"

THIS expression, often heard from an owner of the new Case Model "L" Tractor, shows the absolute confidence he has in his tractor's ability.

The tractor backs him up on it, too. Light and compact, it weighs but a trifle more than three draft horses—no excess weight to be pulled around. More power is available for useful and profitable work.

Other advantages include a fast, irreversible steering gear which relieves the operator of shocks and jerks from the front wheels... hand operated clutch within reach from the ground or tractor seat... handy controls easily worked... swinging drawbar for easy steering and making short turns with full loads... practically automatic lubrication.

Come in—see and decide for yourself that the many advantages offered in this new tractor and in the smaller Model "C" as well as in many other Case farm machines are just what you need to make your farm work easier and more profitable.

Why FIRESTONE ALWAYS LEADS IN GIVING TOP TIRE VALUE

PRICES AS LOW AS
\$6.40

FIRESTONE makes great savings by controlling rubber and cotton supplies at their sources, by more efficient manufacturing methods, by selling in such large volume that distribution costs are lower. These savings are passed on to you as extra values.

8 EXTRA POUNDS OF RUBBER to every 100 pounds of cord. Extra value AT NO EXTRA COST.

PROTECTION AGAINST BLOWOUTS, because by the Gum-Dipping Process every fiber of every cord in every ply is saturated and coated with pure, liquid rubber, counteracting internal friction and heat that ordinarily destroy tire life. Extra safety AT NO EXTRA COST.

PROTECTION AGAINST PUNCTURES, because under the tread are two extra layers of Gum-Dipped cords. Extra strength AT NO EXTRA COST.

PROTECTION AGAINST SKIDDING, because the scientific tread design prevents this danger. Extra safeguard AT NO EXTRA COST.

Don't take chances with worn tires on your Fourth of July trip. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires.

DON'T RISK YOUR LIFE ON THIN WORN TIRES DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

THAT a million more were injured?

THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

Section of smooth tire which is susceptible to punctures, blowouts and skidding.

daughter, Glenna Lucille, Marcene and Trellis Oglesby were Sunday dinner guests in the John Boling home.

H. H. Hannah from Oklahoma City is here looking after farming interests.

Richard Moore of Daniel is working for Johnnie Gum.

Wilbur Cretzinger of Panhandle is spending the week with his cousins, the John Boling children.

Mr. and Mrs. W. S. McCraw were in Amarillo on business Saturday.

Mr. and Mrs. W. I. Gum and Gail Hart called at the Dave Moore home Friday.

Mr. and Mrs. Johnnie Gum and Richard Moore visited relatives and

friends in Amarillo over the weekend.

H. H. Hanna was a Sunday visitor in the John Boling home.

Wm. Grabbe was in Amarillo Saturday.

Mr. and Mrs. C. Cretzinger and Wilbur of Panhandle spent Sunday in the John Boling home and all motored to Dean in the afternoon.

Mr. and Mrs. F. Garrett and girls were in Canyon Wednesday. Mr. Garrett is harvesting and has a more normal harvest than anyone else.

Oliver Grabbe of Denton county called at the Homer Gwyn home Tuesday.

Mrs. Johnnie Gum visited Mrs. Frank Moss Thursday.

Wayside Items

Rev. C. A. Holcomb, Jr., filled his regular service at Wayside. He has just returned from Dallas where he attended the pastor's school.

Everybody very busy as harvesting wheat is well underway. Row crops growing nicely due to the recent rains.

Bill Sikes and family of Slaton are visiting in the parental Kaffir Knox home.

Roy Franklin and family visited his uncle, M. C. Sluder and family in Happy Monday.

W. R. Franklin and family, also Roy Franklin and family attended church at the Assembly Church at Vigo Park Sunday night.

Mrs. Lizzie Culwell is visiting her son, E. J. Culwell and family.

Mr. and Mrs. Melton McGehee are the proud parents of an adopted son, 2 months old. They have named him Harvey Dewitt.

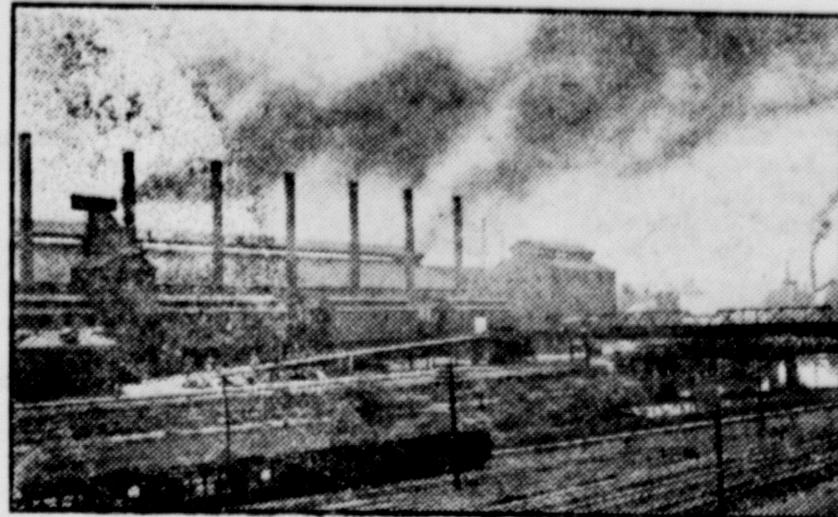

Mr. and Mrs. Wyatt Heisler attended the funeral of Mrs. Mary King at Clarendon Sunday.

Mr. and Mrs. George Hancock and Jerry Lane visited in the parental Lane home Monday. Mrs. Hancock and Jerry Lane will stay a few days and visit.

Mrs. Agnes Stockett was taken suddenly ill Sunday evening, but is better last report.

Mrs. Floyd Adams and niece, Miss Annette Allgood of Big Spring, called in the W. J. Sluder home Monday afternoon.

Smoke Heralds Back-to-Work in Steel

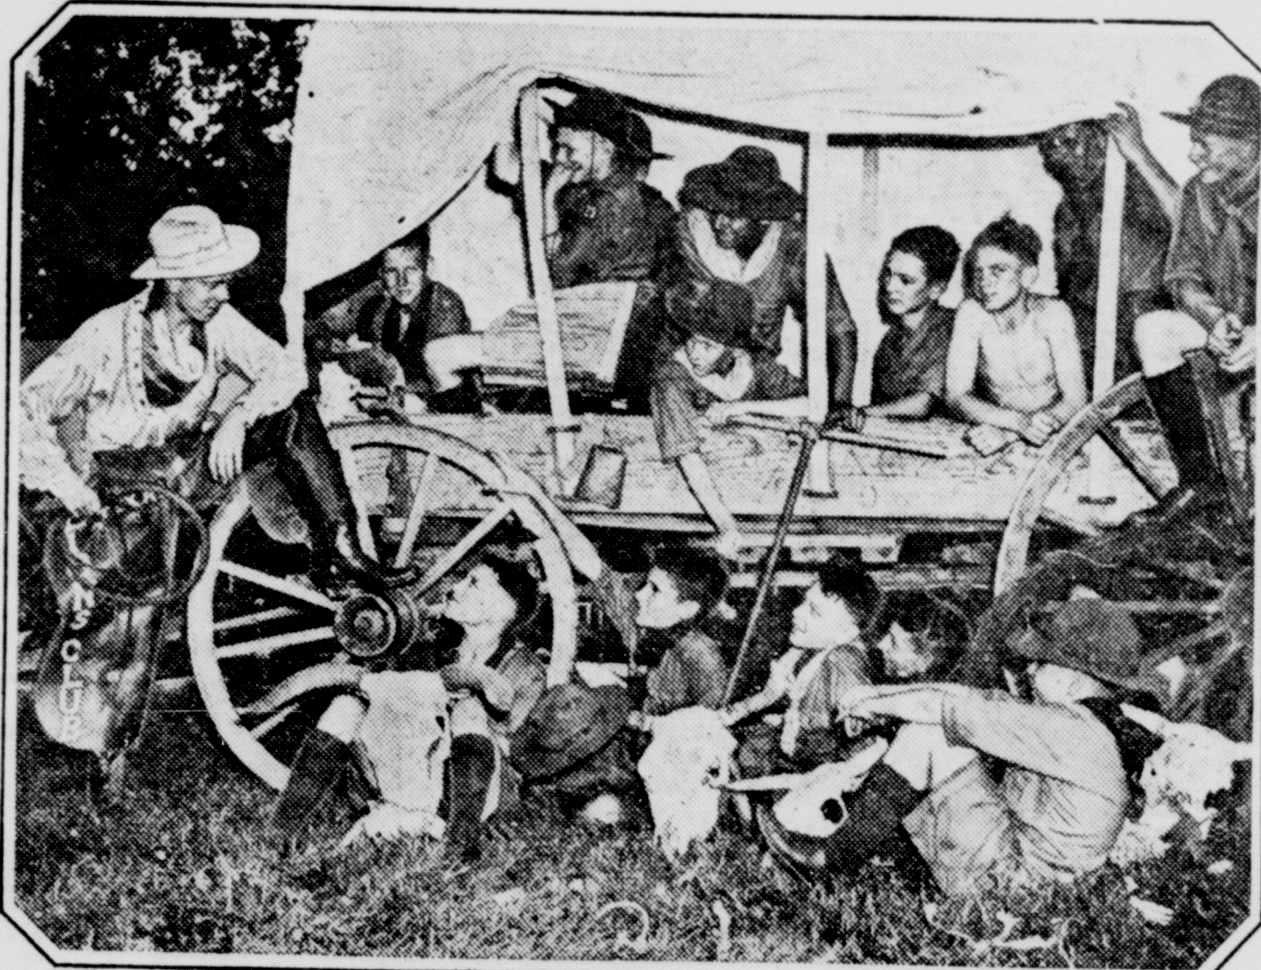

Failure of the federal mediation board to settle the seven-state crucial steel strike became a signal for back-to-work movements in most of the major plants affected, and thousands returned to their jobs under the protection of Ohio and Pennsylvania National Guardsmen. At top, a heavy pall of smoke rising from the chimneys of the Youngstown Sheet and Tube Company welcomes non-strikers back to their jobs. And below, tired but obviously happy, a group of workers in the same plant finish their first shift since the strike began and leave for home as a new shift comes in. Despite the return of thousands to work, C. I. O. leaders asserted the strike was "still on."

Birthplace registration being so difficult in the case of trailer babies, they'll probably have to grow up as "men without a county."

Judging from the latest Soviet purge, those Russians assigned to the North Pole are pretty lucky after all.

Twenty-Seven Years After, Boy Scout Trails Lead to World Service

Cosmopolitan gathering was the Boy Scout Jamboree in the shadow of the Washington monument. From the east, north, south and west they came. Typical representatives were those above, Scouts from San Angelo, Texas, snapped as they sat around their covered wagon listening to stories at the end of an exceedingly busy day.

LOST in a London fog one day 28 years ago, William D. Boyce, Chicago publisher, looked about to inquire his way. Out of the mist stepped a polite young lad who asked:

"May I be of service, sir?"

"Of course, the youth was of service. And Mr. Boyce was tremendously impressed when the lad refused a tip "because Scouts do not accept tips for courtesies."

So Mr. Boyce set about to learn more of this movement, met Baden-Powell, originator of the idea in England, became further impressed. The result was that Mr. Boyce brought the Scout march back to America. And on Feb. 8, 1910, he and a handful of other adults interested in youth and fine citizenship formally launched the "Boy Scouts of America."

The other day 25,000 of those Boy Scouts, representing every state and many foreign countries, set up a tent city in Washington, stirring manifestation of the principles that Scouting has come to signify. There, in the shadows of the Washington Monument, they gathered, dedicated to 10 days of fun and high endeavor. They were massed in the greatest gathering of youth in the history of the Western Hemisphere.

FROM their tents sprawled along the Potomac, they were to march before the President, their chief; they were to join in a nonsectarian inspirational

convocation; they were to celebrate in a giant jamboree such as no nation had ever seen.

And through all this ran the one central theme of Scouting—the Scout code:

On my honor I will do my best—

To do my duty to God and my country, and to obey the Scout law.

To help other people at all times.

To keep myself physically strong, mentally awake, and morally straight.

Twenty-seven years of Scouting! What has been the record of this unique organization, since that day of founding in February, 1910?

Take it year by year. In 1911 there were 61,000 Scouts as a foundation stone in America. Two years later came the Ohio-Indiana floods; Scouts swarmed to the rescue and the membership almost doubled. Came 1916 and Congress recognized Scouting for its beneficial character and granted a federal charter to protect its name and work. Came the great war. More service and again enlarged membership. And today? The movement numbers more than 1,000,000. In addition, of course, are the 6,000,000 who have been Scouts in the last 27 years.

Throughout the nation Scouting now operates on a basis of 32,000 local troops. The troops in turn are welded into 544 councils which in turn come under the direction of the national

council. About 1500 paid Scout leaders devote full time to the project, while more than 250,000 other adults aid as Scoutmasters, assistants and general aids to the movement.

From the individual Scout who must do a good deed every day, the national movement has developed, progressed, lending a hand in time of disaster, grave emergencies, in civic betterment programs, in welfare programs everywhere.

PERHAPS even more important now is the international aspect of Scouting—its aim at world brotherhood. Scouting is established today in 46 countries, barred only in Russia, Germany and Italy. Every four years the national groups meet in a World Jamboree. One thousand American Scouts will journey this August to the next session in the Netherlands.

Scouts attending the Washington Jamboree paid their own expenses and a \$25 jamboree fee as well. Most of them earned the money. After the encampment they will see other sections of the country, traveling almost entirely by special train.

Returning home eventually these Scouts will resume their individual projects—perhaps gardening or holding down a summer job or just helping somebody. But the point is, they will help! Back of that principle lay the success of the Washington Jamboree; the success, moreover, of all Scouting.

Announcing

GREATER HAPPINESS AND SAVINGS FOR FARM HOMES

with this modern city refrigerator!

SERVEL ELECTROLUX

runs on kerosene (Coal Oil) for a few cents a day

- Keeps food fresh for days
- Freezes ice cubes—desserts
- Saves steps, work, money
- Needs no daily attention
- No water or electricity
- Has no machinery to wear

Happy owners report that this ideal refrigerator for farm homes actually pays for itself!

OWN IT ON EASY PURCHASE PLAN

IF YOU'VE always wanted the convenience and economy of modern city refrigeration, here's good news! Today you can have it no matter where you live—at low cost. Servel Electrolux, the Kerosene Refrigerator, duplicates in all important respects the famous Gas Refrigerator which has been the choice for hundreds of thousands of

fine city homes and apartments during the past ten years.

This marvelous refrigerator for homes beyond the power lines assures plenty of ice cubes at all times... makes possible new dishes and more interesting meals... protects food perfectly year-round... and lightens kitchen work. Clip coupon.

IN THE CITY

It runs on natural gas at less than 2 cents per day, Canyon gas rates.

HOUSEHOLD APPLIANCE CO.

Use Less Paint

LOWE BROTHERS HIGH STANDARD HOUSE PAINT costs less per square foot of surface painted and outlasts ordinary paints—both of these merits are due to its high quality. Some low-grade paints analyzed by recognized laboratories were found to contain 63% of water and other evaporating liquids. This left only 37% of film-

forming solids to protect the surface. Low Brothers High Standard Liquid Paint contains 90% of protective film-forming solids. Be sure of better results and more pleasing effects before you paint. Come in and see Low Brothers Pictorial Color Chart showing actual painted reproductions of new and modern color schemes.

TEA GIVEN AT MARY E. HUDSPETH HOME

The Mary E. Hudspeth Sunday School class of the Baptist church entertained members of the King's Daughters and T. E. L. classes with a tea at the Hudspeth home, 1905 Fourth Avenue, Thursday afternoon from 3:30 to 5:30.

Summer flowers formed colorful bouquets in the reception and dining rooms. The serving table, presided over by Mrs. J. K. Madison Daugherty and Mrs. A. K. Goodman, was laid with a white embroidered cloth and centered with a punch bowl. Cheese canapes, and German lace cookies were served with spiced punch to the callers. Plate favors were sweet peas, the class flower.

At the program hour Miss Ruth Burtz and Miss Sibyl Mae Coker gave a vocal duet with Mrs. T. H. Knighton as accompanist. A reading was given by Miss Trannie Mae Russell and piano numbers by Mrs. Ed Phillips and Mrs. T. H. Knighton.

Callers during the afternoon included: Mrs. Walter F. Shelton, Jr., Mrs. H. C. Long, Mrs. Warren Johnson, Mrs. Frank Hicks, Mrs. M. Lackey, Mrs. Carl Laughtery, Mrs. Silas Hart, Mrs. W. E. Laughtery, Mrs. G. C. Cole, Mrs. Mark Laughtery, Mrs. M. W. Gordy, Mrs. Henry Cone, Mrs. R. T. Bowman, Mrs. Lee Johnson, Mrs. Burney Slack, Mrs. Bill Money, Mrs. Jim Cheyne, Mrs. Ed C. Weeks, Mrs. F. H. Campbell, Mrs. Lonnie Byars, Mrs. H. T. Trigg, Mrs. Mary Burtz, Mrs. W. I. Wester, Mrs. Charles Stratton, Mrs. Virgil Henson, Mrs. D. M. Foster, Mrs. T. S. Stevenson, and Mrs. Albert Brown.

CLUB SPONSORS COMMUNITY PICNIC

Members of the Centerview Home Demonstration club sponsored a community wide picnic supper Friday evening at the Methodist Encampment grounds.

The young people enjoyed a hike to the lower falls and a swim.

Those present were Mr. and Mrs. H. H. Sutton and Harold, Mr. and Mrs. J. K. Currie and family, Mr. and Mrs. L. H. Barnard, Mrs. Serena Bryan, S. F. Sharpes, Troy and Etta Jean, Mrs. W. F. Barnard, Misses Clyemama Bell James, Lola and Lorene Carr, Lola Belle Wesley, Leona Sharpes, Erma Mae Sutton, and Charles, Wayne, Darrell and Woodrow Wesley, Jack Sutton, T. J. Barrett, Odell James, and George Barnard.

CLUB DISCUSSES HOME DECORATION

One of the strongest assets to home decoration is color, said Miss Allie Dozier in her talk before the Centerview Home Demonstration club Friday at the home of Mrs. J. K. Currie.

Another asset is individuality, she pointed out. The amount of exposure in a room, or the window space, has much influence on the choice of wall colors. If there is not much light in a room, white or some light color should be used. Blue is considered the coolest and most popular color in house decoration. Black and white and gray can be used with any color, as they harmonize easily.

Council report was given by Miss Dozier.

Those present were: Mrs. H. H. Sutton, Mrs. A. E. Wesley, Mrs. E. M. Wilson, Mrs. Harney Rogers, Mrs. J. W. Wesley, Mrs. E. W. Schaeffer, Mrs. L. H. Barnard, Mrs. W. F. Barnard, Mrs. Bell Washburn, and Mrs. J. K. Currie.

MYERS FAMILY HOLDS ANNUAL REUNION SUNDAY

The annual reunion of the Myers family was held at Myers Park Sunday. Members of the family began to arrive at 10 o'clock and by noon there were fifty-two present at the basket lunch.

The reunion was opened with a prayer by Mrs. J. H. Braswell of Canyon. E. W. Myers of Canyon delivered the welcoming address. Mrs. J. D. Price of Plainview and Mrs. Angie Lane of Amarillo gave readings. Music was furnished by Elmer Bozarth, W. C. Myers and Anice Combee. After lunch swimming was enjoyed by members of the group.

Four generations of the Myers family were present, ranging in age from one year to 86 years.

Out-of-town visitors were: Charles Myers, Sr., and Charles Myers, Jr., of Cook county, W. C. Myers and family of Lubbock, Lee Combee and family of Littlefield, Mr. and Mrs. J. D. Price of Plainview, Mr. and Mrs. R. E. Chambers and daughter of Stratford, and Mr. and Mrs. Archie Acker of Myra.

Dr. and Mrs. E. J. Cundiff and children returned last week from a visit at the home of his parents in Missouri.

1 new saddle, regular price \$50, priced to sell, \$37.50. Thompson Hardware Company.

CLUB MEETS WITH MRS. C. L. GORDON-CUMMINGS

West Side Home Demonstration club held its regular meeting Friday at the home of Mrs. C. L. Gordon-Cummings.

A representative from the Household Appliance Co., gave a demonstration on the uses of Butane gas for refrigeration and lighting. A kerosene refrigerator was also shown.

During the business meeting Mrs. J. J. Wright gave a council report, and Mrs. W. C. Roberts gave a treasury report. Mrs. R. D. McKay was taken into the club as a new member. Encampment plans were discussed.

Refreshments were served to the following visitors and members: Mrs. Fred Coleman and Miss Belle Pearson of Collinsville, Mrs. Weldon Stringer of Vernon, Mrs. C. R. Harrington of Amarillo, and Mrs. R. D. McKay, Mrs. Tom Dowlen, Mrs. Lena Tucek, Mrs. Joe Tucek, Mrs. W. C. Roberts, Mrs. Joe Baber, Mrs. E. N. Zachry, Mrs. L. D. Winn, Mrs. J. J. Wright, Mrs. J. M. Carruth, and Mrs. F. E. Stockhaus.

The next meeting will be with Mrs. Clark Ash, July 16.

MRS. M. E. SORGEE ENTERTAINS CIRCLE

The Rose Walker Circle of the Baptist church met with Mrs. M. E. Sorgee at her home on Eighth Avenue Tuesday afternoon.

The meeting was opened with song and prayer, followed by a reading of the minutes by Mrs. Laughtery. Mrs. Hardin conducted the lesson on the second coming of the Lord. Scripture verses were given by the members.

Those present were: Mrs. R. W. Ratcliff, Mrs. J. C. Dowd, Mrs. W. T. Davis, Mrs. Minnie Laughtery, Mrs. Charles Stratton, Arlis Atkins and Martha Jean Dowd.

Mrs. Sorgee was assisted by her daughter, Mrs. L. D. Dye in serving refreshments of banana cake and ice cream.

The next meeting will be with Mrs. Laughtery.

MRS. J. B. MORRISSET ENTERTAINS CLUB

Mrs. J. B. Morrisset entertained the Blue Bonnet Needle club at her home, 2010 Seventh Avenue, Friday afternoon. Patriotic colors featured the entertaining rooms where the guests were seated.

Mrs. J. D. Barker was presented a birthday gift from the club.

A refreshment plate was served to Mrs. Merton Myers, Mrs. Fred Mye, Mrs. George Small, Mrs. Levi Cole, Mrs. R. E. Ball, Mrs. J. D. Barker, and Miss Evelyn Siedenstrang of Amarillo.

Plate favors were small American flags.

MRS. ERNEST BROWN IS HOSTESS TO PRISCILLA

Priscilla club met with Mrs. Ernest Brown at her home one mile south of Canyon Wednesday afternoon.

Needlework furnished the diversion of the afternoon. A dessert course was served at the refreshment hour. Those present were Mrs. J. L. Dufort, Mrs. J. Madison Daugherty, Mrs. G. A. Farlow, Mrs. A. K. Goodman, Mrs. Frank Hicks, Mrs. Ray McReynolds, Mrs. L. D. Bull, Mrs. C. M. Presley, Mrs. J. B. Morrisset, Mrs. Clyde McElroy, Mrs. James Cole, Mrs. J. J. Walker, Mrs. Hud Prichard, Mrs. S. B. Loudder, and Mrs. Levi Cole.

Help Keep Canyon Clean!

MRS. J. DAVIS HILL HONOREE AT LUNCHEON

Mrs. J. Davis Hill of White Deer, whose husband is working on his Master's degree in W. T. this summer, was honored with a bridge luncheon by Mrs. J. A. Hill, her husband's mother, Thursday.

The guests were all ex-students of W. T. Seated were Mrs. Bob Neblett of Canyon, nee Miss Dorothy Burrow; Mrs. Tom Shriver of Nashville, Tenn., nee Miss Attie Gene Humphreys; Mrs. Cecil Ha-good of Tulsa, nee Miss Cathleen Jennings, and Mrs. J. Davis Hill, nee Miss Faye Jordan.

After the games of bridge the following luncheon was served: catalpa cocktail with mint sauce, pressed chicken, asparagus with cheese, shoestring beets, iced cherries, buttered rolls, iced tea, grapefruit and apricot salad with cottage cheese, orange sherbet, and pound cake.

Plate favors were pink and red carnations.

ROSE APPLEBY CIRCLE MET AT GOODMAN HOME

Rose Appleby Circle met with Mrs. A. K. Goodman Tuesday afternoon.

Mrs. L. Wirt, chairman, presided. Members gave reports on the lives of Bible characters and interesting notes from the Baptist Standard.

Ice cream, cake, and iced tea were served to the following: Mrs. Frank Hicks, Mrs. Ed Weeks, Mrs. J. Madison Daugherty, Mrs. Mark Laughtery, Mrs. M. Lackey, Mrs. Ed Phillips, and Mrs. T. H. Knighton.

LEGION AUXILIARY MET TUESDAY EVENING

Palo Duro Post of the American Legion Auxiliary met in regular business session at the Legion home Tuesday evening with Mrs. Ray Campbell, president, in charge.

After the business session games of bridge were enjoyed with Mr. and Mrs. Tom Knighton and Mr. and Mrs. Guy Harp as hosts.

An iced course was served.

LAKESIDE 4-H CLUB MEETING ON MONDAY

Patterns suitable for washable materials were shown and discussed at the meeting of the Lakeside 4-H Club, which met with Laura Lou Campbell Monday. Neat finishing of all seams was stressed.

Members present were: Fern, Jean and Gwen Byars, Bonnie Dickinson, Margaret Fulton, and Laura Lou Campbell. Also Madeline Cook, Mrs. Dickinson, Miss Dozier, Mrs. Campbell, and Juanelle and Rosalee Campbell.

MARRIAGE LICENSES

Orby Alvin Wilkes and June Evelyn Zottterelle, June 23.

Geo. E. Wells and Freda Gibbons, June 24.

Lindsey Walker and Billie Nicholson, June 24.

P. W. Childs and Ruby Tull, June 26.

C. T. Burch and Mildred Plant, June 27.

W. W. Rogers and Lillian McClain, June 28.

Argel L. Brawner and Opal E. Davis, June 30.

Blake Lyde and Ruth Nelle Burk, July 3.

John Wendell Branum and Ermagene Preston, July 5.

Ernest Crowley and Manila Reed, Monday, July 6.

Dr. and Mrs. S. L. Ingham are leaving in a few days for Clarendon where they expect to spend the summer at the home of their daughter, Mrs. Millard Word. Dr. Robert Jarrett, Jr., has leased the Ingham home for the summer.

Mr. and Mrs. J. H. Cox and son of Lubbock spent the week end here with friends.

Highland News

Wheat harvest started this Monday in this vicinity at Marvin Tidwell's. The summer fallowed wheat is turning out fair but not much is expected from the late wheat.

Newcomers in the neighborhood in the last week or so, are Mr. Tidwell and son Carl, from Oklahoma to help Marvin harvest his crop. Mr. Hanna from Chickasha, Okla., to see about his harvest. Mr. and Mrs. Curt Murr from Arkansas to help Ted Neely with his harvest, and a couple moved in Archie Druen's house to help him harvest.

Bobbie Fulton spent several days last week visiting his sister, Mrs. Elmer Mason.

Mrs. Carl Fuqua called on Mrs. Watson and Mrs. Ira Alfred at Wildorado last Thursday. Mrs. Alfred is recovering nicely now after her recent illness.

Mr. and Mrs. Harve Sharp of Freedom, Okla., arrived Saturday evening. He is planning to work here through harvest.

Mr. and Mrs. Tom Boling and family, Dude and Bill Atkins visited at the Ed Sharp home Sunday evening.

Mrs. Carl Fuqua called on Mrs. Geo. Mason Friday afternoon.

Mrs. Joe Bedenk spent several days visiting friends in Amarillo last week.

Mrs. Elmer Mason and Bobbie Fulton went to Amarillo and Zita last Wednesday.

Mesdames Elmer Mason, W. W. McDade, J. D. Anderson, Carl Fuqua and Miss Doris Gouldy attended the garden achievement day at the Palo Duro and Sunny Hill H. D. Clubs on Tuesday.

W. H. Upchurch and son, Louis, returned Sunday from a ten-day fishing trip in New Mexico.

Palo Duro Peeps

Eva Campbell of Memphis is visiting her aunt, Mrs. Ralph Ruthart.

Mrs. Irvin Wendt and children of Kingfisher, Okla., are visiting in the Pauline Wendelken home.

Elizabeth Ann Miller is visiting with Muriel Bang of Amarillo.

Mrs. M. A. Armstrong of Midland is visiting in the home of her mother, Mrs. Herman Meyer.

Mr. and Mrs. A. C. Bangs and children and Mrs. Cora Bangs of Amarillo visited in the Henry Miller home Monday night.

Mr. and Mrs. Ralph Ruthart and daughters called in the Pauline Wendelken home Sunday evening.

Miss Eva Campbell, Mrs. Irvin

Wendt and children, and Mrs. Pauline Wendelken and sons were visitors in the Henry Miller home Sunday afternoon.

Mr. and Mrs. C. W. Bauer and family and Mr. and Mrs. Gus Leseberg spent Sunday in the parental Gustav Leseberg home.

Miss Hilda Miller spent part of last week in the C. W. Bauer home.

Miss Mildred Solomon left last week on a summer's vacation trip to Tennessee where she will visit relatives at Fayetteville. She spent several days at the Pan-American Exposition in Dallas en route.

Miss Armor Lee Greenfield spent the week-end in Petersburg at the home of her sister, Mrs. Ted Schuller.

As You Harvest

We Hope To Merit A Liberal Share of Your Patronage.

Harvest time is here, with good weather, wheat will be moving to market fast, and we are going to try to keep up with the procession, giving you the very best service we know how.

Fair weights and the maximum possible price at all times for your grains is our aim.

If weather permits, we realize that our customers are going to get their grain out of the field as fast as they can, and it is probable elevators will be rushed some at times. In case this should occur, we assure you we will be doing all possible to delay you as little as possible and ask your indulgence in advance.

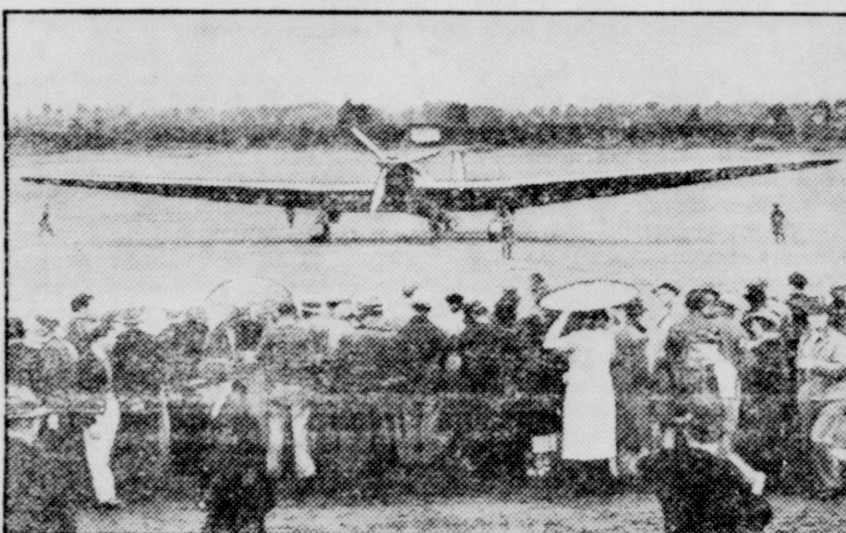

We are Bonded for Your Protection

As Soviets Ended Trans-Polar Hop

Fatigued but extremely happy were the three intrepid Russian flyers, Beliakov, Chekalov, and Baidukov, left to right below, after they had landed at Vancouver, Wash., in the plane above, ending a hazardous journey of more than 5000 miles from Moscow via the North Pole. They were forced down barely short of their goal, San Francisco, by poor visibility. Aloft more than 63 hours, the flyers made the gruelling hop as the first of tests to determine the feasibility of a proposed Moscow-San Francisco air route via the Arctic.

Jurors Are Chosen For August Term of The District Court

The following men have been summoned to serve on the grand jury during the August term of the District Court, which starts on the second day of August:

Anton Beckman, W. H. Bessire, E. Burroughs, J. W. Byrd, C. D. Coffee, Harris M. Cook, L. A. Donnell, T. S. Gerald, J. H. Holly, T. H. Knighton, C. R. McAfee, Henry F. Miller, H. G. Persons, J. H. Rose, Carl L. Scott, E. C. Robinson.

The following have been summoned as petit jurors for the first week of court:

Robt. A. Adcock, G. W. Brewer, F. E. Culp, N. T. Dickerson, H. R. Fulton, B. B. Cluck, John Haines, J. H. Lisle, H. A. McCart, J. A. Meyer, J. W. Shook, W. J. Wooten, R. B. Gist, G. G. Vernon, A. L. Watson, W. O. Turpin, Earl Russell, M. T. Maddux, W. T. Oliver, J. A. McDonald, L. O. Jennings, Silas Hart, Lonnie Byars, Walter Graham, E. B. Fee, Joe Crowley, J. E. Furlow, C. S. Davenport, J. E. Cheyne, L. C. Fronabarger, Earl J. Davis, Pat H. Baber, E. A. Armstrong, Neill Singleton, Arthur Olson, Claude Moore, C. C. Stewart, J. S. Bush, H. W. Hartman, Wm. Q. Boyce, W. H. Stroud, E. N. Zachry, J. H. Wright, Earl Burtz, J. C. McClendon, R. K. Hunt, F. S. Gillham, S. F. Dove.

The following have been summoned to serve on the petit jury during the second week of district court:

Wilson Campbell, H. W. Burrus, W. M. Schmitz, O. M. Burch, E. E. O'Donald, P. A. Thomas, J. H. Roy, J. J. Wright, Albert Byars, F. M. Brazil, Flynn Winters, J. C. Bat-enhorst, H. R. Gwyn, W. M. Brown, C. S. Collins, L. B. Hinders, B. D. Springer, R. C. Henry, P. C. Gruner, Alfred Bellah, W. E. Armstrong.

Ralph News

Theodore Springer is at home for harvest.

Mr. and Mrs. P. V. Winstead and daughter, Pauline, moved to Canyon Tuesday.

Teddie Howell spent the day Tuesday with her grandmother, Mrs. B. D. Springer.

The wheat farmers are all very busy trying to harvest, though the wheat is almost too green yet. Some combines have had to stop for a few days for the wheat to ripen.

Mr. and Mrs. W. A. Cates and W. A. Jr. went to Sunray Sunday to visit their daughter and sister, Mr. and Mrs. David Horn and to attend the celebration.

Mr. Boehning is moving to the store and station where the Winstead family lived.

Victor Hill came home Monday from California, and will be here for harvest.

Coming Back

Denver Crumpler, radio tenor with Harley Sadler's tent show, will return to Canyon with the show Monday night, July 12. Many of Mr. Crumpler's friends will be glad to greet him, and hear him sing again.

Scholastics To Be Transferred During Month July

Parents wishing to make transfers of children from one school district to another must do this during the month of July.

Transfers are made at the office of County Judge Burney Slack.

Zita Breezes

Mrs. H. H. Groom spent Monday with her mother, Mrs. C. C. Stewart.

Mrs. E. M. Elliott and Mrs. Eula Watson visited the Boyd Elliott family Sunday afternoon.

Mr. and Mrs. D. C. McCormick, Mr. and Mrs. L. A. Todd, Miss Myrtis Todd, Mr. Hunter, and Mr. and Mrs. Tony Simon and family spent Sunday fishing near Canyon.

Mrs. M. H. Rockwell and Nell Blewett visited Mrs. John Moody and Mary Ben Friday afternoon.

Mrs. Ray Stewart and son visited in Amarillo Tuesday afternoon.

Mr. and Mrs. W. P. Matthews and Dorothy Nell spent Sunday with Mrs. Gruner.

Esther and L. E. Stewart are spending several days in Dallas and Fort Worth.

Mr. and Mrs. A. E. Michael and children, Mr. and Mrs. Shorty McCormick, Mr. and Mrs. R. F. Vernon, and Mrs. James Eddie Park and children were callers in the Baile McCormick home Sunday.

Mr. and Mrs. John Moody and Mary Ben visited Mr. and Mrs. David Dammer, Sunday afternoon.

Mrs. Jack Lyon and Miss Bernice Smith of Dallas spent the week-end in the C. C. Stewart home.

Mrs. L. J. Fulton honored her little daughter, Joan, with a birthday party Saturday afternoon. Present were Marjorie Jean Nuckols, Mary Ben Moody, Betty Jane and Martha Mae Hales, Alberta and Bonita Brown, and Susanne, Jimmie, and Mary Owens.

Umbarger Items

Mr. and Mrs. E. J. Friemel and family were business callers in Amarillo and Canyon Friday.

Mr. and Mrs. E. J. Evers were visitors in the Nazareth community Sunday.

Mrs. Lee Weaver and daughter were visitors in the home of Mr. and Mrs. Clem Friemel Sunday.

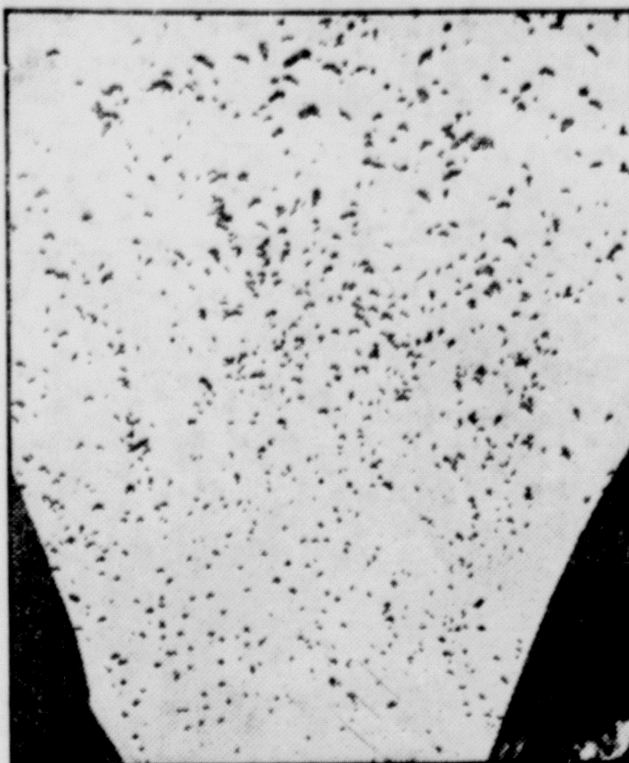

Tom Mahoney was a caller in the E. J. Friemel home Wednesday.

Mr. and Mrs. W. Bauer were callers with Mr. and Mrs. J. E. Nelson Sunday.

Mr. and Mrs. Chas. Friemel and daughters visited in the E. J. Friemel home Monday.

Mr. and Mrs. W. Bauer and son Davie, Mrs. L. J. Wieck and son

Battling Grasshoppers to Save West's Harvest

Prospects of the first bumper small grain crop in five years in the west, particularly the "dust-bowl" regions, were dimmed when swarming hordes of grasshoppers descended, threatening plant life. Indication of the plague is represented by the photo above, left, showing how 'hoppers blanketed a sheet. Chief weapon in the farmers' onslaught on these pests is a solution of poisoned sawdust mixed with blackstrap molasses. Thousands of tons have been distributed by truck, right, in an effort to head off the 'hoppers before they develop wings and spread still more widely. State and federal governments combined forces in an eradication campaign. Focal point of the first drive was eastern Colorado where these pictures were taken, although other western states faced the same menace.

Dennis, Misses Elizabeth Wieck and Gertrude Friemel were visitors with Mr. and Mrs. E. J. Friemel and family Sunday.

Irene Artho spent Sunday with Ann Hollenstein.

Mr. and Mrs. Paul Artho were visitors in the home of Mr. and Mrs. Ben Beurke Sunday.

Mrs. John Bedenk and daughters,

Bertha and Georgia Ann were callers in Canyon Monday.

Elroy Artho spent Sunday with Alvin Friemel.

Mrs. E. J. Friemel and family made a business trip to Hereford Thursday.

With the dentist life is just one pain after another.

Dr. and Mrs. S. W. McClendon and boys of Childress visited the N. T. Dickerson home over the week end.

World's Smallest, Enters Air Race

Said to be the world's smallest airplane, this little ship, constructed in spare time by five members of a San Diego aircraft company, will enter the National Air Races in Cleveland late this summer. Twelve feet long, with a wing spread of 14 feet, the plane develops a top speed of 225 miles per hour. Though carrying but 12 gallons of gasoline, it has a cruising radius of 525 miles. It is powered with a 90-horsepower motor and weighs but 404 pounds. The pilot, Tony Levier, stands by.

Miss Hilda Miller of Canyon spent Thursday and Friday in the C. W. Bauer home.

Mrs. C. W. Bauer and daughter, Elsie, attended a club meeting in the Gus Leseberg, Jr., home Thursday.

Supper guests in the L. F. Spiser home were Rev and Mrs. F. T. Sager and daughter of Lockney and

Dorothy and Evelyn Bauer.

Miss Dorothy Bauer spent the week-end with her parents, Mr. and Mrs. E. J. Bauer.

Mrs. E. B. Harvey, Luella Spiser, and J. J. Bauer were business callers in Canyon Saturday.

Mr. and Mrs. C. W. Bauer and family were attending to business in Amarillo and Canyon Saturday.

Members of the community spent Saturday in Happy.

Mrs. Clarence Bauer and son spent Sunday in Hereford with Mrs. Bauer's grandmother who is very ill.

Mr. and Mrs. Millard Dushman of Tulsa were visitors in the I. H. Bauer home Friday.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of July 5, 1912)

The Royal Arch Masons installed last Monday the following officers: K. L. Hunt, E. P. H.; J. T. Service, E. K.; J. S. Christian, Scribe; Cyrus Eakman, C. of H.; Geo. A. Brandon, P. S.; S. B. Lofton, Secretary; R. G. Oldham, Treasurer.

Judge F. P. Grever of Miami was in the city Saturday and delivered a political speech at the court house in the afternoon in support of the candidacy of Judge W. R. Ramsey for Governor of Texas.

The following faculty was chosen to teach in the public schools: T. J. Yoe, Superintendent; Mrs. E. H. Wray, Principal; Mrs. J. W. Shinn, R. N. Hicks, Mrs. Lock, Miss Cora Shippe, Roy Alexander, Miss Margaret Bailey, Miss Avis Baird, Mrs. T. J. Yoe, and Miss Sue Garrett.

The nomination of Governor Woodrow Wilson of New Jersey by the Democratic national convention at Baltimore Tuesday was one of the most marvelous pieces of politics so far witnessed in the United States.

During his career Governor Wilson has been the exponent of clean politics. Entire freedom from bossism has been his slogan and should he be elected in November, it will be one of the greatest scores the university and clean politics have ever made in the United States.

Editorial.

C. P. Shellnutt reports that he has a new Normal student at his house, a ten pound daughter, born Sunday morning.

Mrs. Effie Lofland and children, of Ft. Worth, are visiting at the parental T. P. Reid home.

Grady Oldham has accepted a position with the First State Bank assisting Cashier J. P. Winder with the work.

Misses Charlotte Ingham and Grace Winder went to Plainview Wednesday to visit at the Harder home.

Fairview Breezes

The Fourth was enjoyed very quietly in this community.

Mr. and Mrs. Roy Wall and family and Mr. and Mrs. Joe Crowley attended a picnic in the canyons, the Fourth.

A number gathered at the Jim Bible home and went swimming, the Fourth of July.

Harold Wall, Howard Robertson and Joe Grady Crowley are helping Mr. Louder during harvest.

Mrs. Earl Burtz and sons celebrated the Fourth by seeing the Marx Brothers in "A Day at the Races."

Carol Dooley is helping C. P. Robertson at Jowell during harvest. Juanita Bible spent the week end with Mattie Ruth Davenport.

Mrs. John Jennings is not much improved at this writing.

Edwin Davenport spent Sunday evening with Billy George Bible.

JARRETT DRUG CO.

Come See This New McCORMICK-DEERING WIDE-TYPE DISK HARROW

Two sizes 12 and 15-foot

It Folds to Fit Farm Gates

The new McCormick-Deering Wide-Type Disk Harrow brings you all the advantages of the regular wide harrow without any of the disadvantages. It is built with heavy malleable iron hinges in the middle of each gang. To pass through a gate the operator makes a simple adjustment which permits the outer half of each gang to fold back behind the inner half. After passing through the gate the gangs are positively locked into their normal positions, ready for work.

The new wide-type disk harrow is built primarily for single disking. In this work the 12-foot harrow covers about 36 acres a day and the 15-foot harrow covers about 45 acres a day. When desired either size can be converted into a tandem harrow for special purposes.

A phone call or a postal card will bring you complete information promptly. Or stop in at the store and let us show you this new McCormick-Deering Disk Harrow in a size to meet your needs.

DO YOUR SHOPPING IN CANYON

The Record's Bad, but the British Are Back for 'Just One More' Cup Race

BY IRVING DIX

THE 39th chapter in that ceaseless serial of frustration, "America's Cup Races," will be written in the churned-up waters off Newport, R. I., beginning July 31.

T. O. M. Sopwith, taking up where lovable old Sir Thomas Lipton left off, has brought two yachts over here from England—Endeavour I and Endeavour II—in hopes of regaining the cheap, but prized little trophy which the sloop America brought back in her hold 86 years ago.

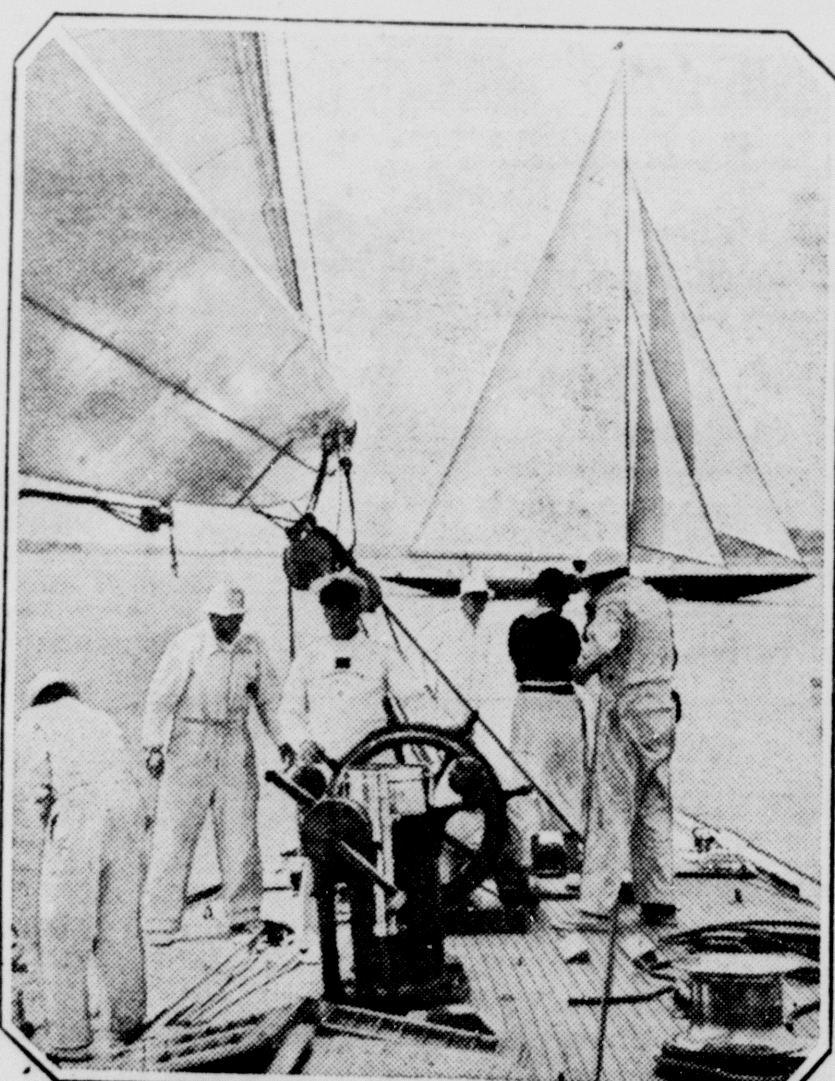

The American defender will be either Harold S. Vanderbilt's new Ranger, or Gerald B. Lambert's seven-year-old Yankee, or Chandler Hovey's Rainbow, which, sailed by Commodore Vanderbilt, successfully repelled the invaders three years ago.

Of course, an American victory is expected again, no matter which of the three yachts is selected by the New York Yacht club. It seems that the British just can't win this particular event.

THE Americans won the cup, first known as the Hundred-Guinea cup, then as the Queen's cup, on Aug. 22, 1851. It was the official trophy of the Royal Yacht Squadron's annual regatta around the Isle of Wight.

Since then there have been 37 attempts by British sportsmen to regain this cup. All have been rather miserable failures. Out of the 47 races which have been staged, the British yachts have won only five—twice because the American yacht was damaged.

Old Sir Thomas Lipton had the most distressing series of defeats. Four times he poured money into a dream boat, sailed it over here, and then shipped it back home, badly beaten. He hurled his first challenge in 1899, another in 1901, came back in 1903, repeated again in 1920, and made his final bid in 1930. His boats, all named Shamrock, lost nine straight races before Shamrock IV raced across

Trim streamliners of the sea are the yachts used in the cup races. Here members of the crew of the British challenger for the America's cup, Endeavour II, prepare to run in a trial spin with Endeavour I, shown in the background, off Newport, R. I.

the finish line ahead of the disabled Resolute on July 15, 1920.

THIS series saw Sir Thomas make his boldest bid. Shamrock IV won the first two races and it looked like he might realize his life-long ambition. But Resolute was repaired and swept to three straight victories.

Sopwith's Endeavour made quite a fight for it in the last races in 1934. The British sloop slipped over the finish line ahead in the first two races.

But Vanderbilt got some wind in his sails in the next four races and won them all.

Sopwith was most disgusted. Like the rest of the British yachtsmen before him, he muttered something about never having anything more to do with the America's Cup, and who would want the danged thing anyhow?

But he's back again. That's one thing about the British yachtsmen—they're not only consistent, but persistent losers.

LIVING UP TO MY AD

Giving you tops in Mileage

I know the trouble. So many oil ads yell mileage, that you can't tell one way or another. I don't want my own ads to be in that class, so I'd like you to know all I'm staking, when I personally recommend Conoco Germ Processed oil to you. In my case, you see, I'm the owner of my business. And there's nothing makes repeat customers for me like my Germ Processed oil... or I ought to say, the long mileage it gives you. The patent Germ Process makes this oil get fastened real firm to the bearings and cylinders and

other parts—as if they'd been built with an actual plating of oil that can't separate... can't thin out and burn right up. Neither is it going to run down every time you stop. Then you can't make any "dry starts" with Oil-Plating, and right there is where engineers say you will end a good half of all the wear you used to get in Summer. The less wear, the less oil your engine eats. You'll get on to this yourself, from your cool quiet Oil-Plated engine. And that's how I make another good friend for Conoco Germ Processed oil.

Newest Polar Developments Forecast Eventual Use for Ends of the Earth

First onslaught of the Soviets on the vast polar regions was this move to establish a camp on Rudolph Island, Franz Josef Land. Here Russian scientists studied polar weather conditions for one year. And the next step was the North Pole observation station itself. Stopped amidst a mountain range of ice, the icebreaker Russanov is shown unloading supplies. Prof. Otto Schmidt, leader of the Polar expedition, is shown inset.

INTREPID Soviet airmen and scientists establish a weather base atop the North Pole, there to study meteorological conditions for an entire year.

Great Britain prepares to make formal demand for sovereignty over a vast area of the Antarctic in opposition to discovery claims by the United States and three other nations.

Three daring aviators fly from Moscow to the United States, nonstop, blazing the trail for an eventual Trans-Polar air route!

With increasing emphasis the news spotlight turns on the two ends of the world today, forecasting use for these vast, barren, practically uncharted territories; territories which until recently have generally defied man's ingress, except for periodic exploration.

But now there's talk of a North Pole weather base and of eventual capitalization of the resources that are the South Pole's. What then are the properties of these areas? What are the two poles like? What is their extent?

THE South Polar region, scientists have reason to believe, possesses a wealth of coal and other minerals. Rear Admiral Richard E. Byrd, who spent four years in the Antarctic on two expeditions, says

there is sufficient coal beneath the ice and snow "to supply the world." Byrd points out that it must necessarily be a long time before these coal supplies are utilized—after cheaper supplies have run out—but they're on hand, awaiting use. That's significant.

The vast South Polar area is landlocked for the most part. Ownership of the area lies chiefly between the units of the British empire, the United States, Argentina, France and Norway. Lincoln Ellsworth, late in 1935, flew over a large section of previously undiscovered Antarctic land and claimed for the United States a wedge-shaped piece of about 350,000 square miles. This new wedge adjoined Marie Byrd Land, previously claimed for the United States by Commander Byrd.

Somewhat different picture is that of the North Polar area. Here is a vast Arctic sea and the establishment of a year-around weather base by the Russians, if only temporary, is one of the most spectacular gestures ever made in the polar regions.

What is the North Pole? Nothing more than a drifting and broken ice field; a spot where one may walk around the earth in a few paces, but with extreme care!

The basin of the pole is ac-

tually a huge depression, 12,000 feet deep at its lowest point. Its shores are doubtless the most monotonous in the world. Even down into Siberia there is little life. But the land is warm during the summer. And the Russians intend to take advantage of this.

SO they have laid plans for a vast Arctic empire, extending up from Siberia. And a weather station atop the pole, floating on perilous ice packs, is but one step in the fantastic scheme. Whether this station is to be established permanently, is questionable. What is not questionable, however, is the Russians' intention to capitalize on a quick route to North America, via the pole.

The flight of Pilots Belakov, Baidukov, and Chkalov, more than 5000 miles from Moscow to Vancouver, Wash., where they were forced down, marked the first move to prove the feasibility of the route. No one expects regular trans-polar trips as yet, but the trend has been indicated.

So the poles come into a new significance—the South Pole for its vast mineral resources and the North Pole for its possible navigation and commerce. The frontier is moving back to its last stand!

THE MAN WHO KNOWS

I want to walk by the side of the man who has suffered and seen and knows,

Who has measured his pace on the battle line and given and taken blows,

Who has never whined when the scheme went wrong nor scoffed at the failing plan—

But taken his dose with a heart of trust and the faith of a gentleman;

Who has parried and struck and sought and given and scarred with a thousand spears—

Can lift his head to the stars of heaven and isn't ashamed of his tears.

I want to grasp the hand of the man who has been through it all and seen.

Who has walked with the night of an unseen dread and stuck to the world-machine;

Who has beaten his breast to the winds of dawn and thirsted and starved and felt

The sting and the bite of the bitter blasts that the mouths of the foul have dealt;

Who was tempted and fell, and rose again, and has gone on trusty and true,

With God supreme in his manly heart and his courage burning anew.

—Author Unknown.

"Bigger, better fish" reported this year in Atlantic. Which shows that recovery has gone pretty deep after all.

Still no appointment to the Supreme Court. Meanwhile, the President's possible choices are aging every day.

Second Half of W. T. Summer Session Starts Wednesday

The second half of the summer session of W. T. will start next Wednesday. The first six weeks' work will close Tuesday, and class work will start immediately for the last half of the session.

While a number of students now attending the summer session will leave, it is expected that a large number of new students will come for the last six weeks.

P. O. Dedication

(Continued from first page)

State Representative G. H. Little spoke his appreciation of the new building and the other improvements which have been made in Canyon recently. Assistant District Attorney Jim Lumpkin was introduced.

Local people streamed through the building throughout the day, and expressed great pleasure at the completeness of the building.

Owing to the lack of boxes and other equipment, it was not possible to move to the building as originally planned. The boxes were placed Monday, and as soon as other equipment is received, the move will be made. Postmaster Guy Harp states that if possible another open house will be held when local citizens will be given an opportunity to inspect the entire plant.

Federal inspectors were here yesterday and accepted the building, with a few minor changes to be made this week. Authority was given to occupy the building as soon as the needed equipment arrives.

Miss Evelyn Siedenstrang of Amarillo visited last week in the home of Mrs. M. E. Rhoads and Mrs. Levi Cole.

Help us maintain a good Produce Market in Canyon. Tell your neighbors about Canyon Markets.

Book Club Gives 19 Books to the County Library

Nineteen new books were placed in the Randall County Library this week by the Woman's Book Club.

This organization organized the library several years ago and is sponsoring the library movement. Books are added to the library each year by this group of women.

PROF. F. E. SAVAGE WILL NOT GO ON EASTERN TOUR

Prof. F. E. Savage, superintendent of the College Training School, announces that a change of plans will prevent his acting as dean of the Eastern Historical and Industrial Tour, as previously announced. The tour, which is under the direction of Prof. Frank R. Phillips, will leave Canyon July 14.

Mr. Savage will remain at his duties at the training school during the second six weeks of the summer term.

CITIZENS ASKED TO AID CEMETERY ASSOCIATION

An extra man will be employed at Dreamland Cemetery during the next week or ten days to aid Cecil Bosley in a clean-up campaign.

All those persons owning personal lots are requested to cut the grass and do other work on them so that the cemetery will be free of weeds and trash by the time Mr. Bosley and his helper have finished.

Duties of those employed by the Cemetery Association do not extend to the privately owned lots.

CARD OF THANKS

We wish to extend our very deep appreciation and sincere thanks to the many kind friends and neighbors who assisted us during the illness and death of our father and brother. Words fail us in expressing our gratitude for the many kind acts and words of sympathy.

W. A. Warren and family

STORK SPECIAL

A daughter was born to Mr. and Mrs. Fred Soll, July 2.

PRESBYTERIAN CHURCH
Services will be held at 11 o'clock Sunday at the Presbyterian church with Rev. F. T. Charlton in charge.

Mr. and Mrs. C. L. Crawford of Goldwathe spent the week end at the home of his brother, L. H. Crawford. They formerly lived in Canyon.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, when, and if essential, when and why.
